

Position Available

The Department of Pediatrics, Division of Biomedical Informatics and Neurology at Cincinnati Children's Hospital Medical Center, University of Cincinnati has an immediate opening for a visiting research scientist or post-doctoral fellow. Research efforts will focus on the development, application, and evaluation of novel linguistic methods in both the clinical and administrative settings.

The ideal candidate will have training in computational linguistics, natural language processing, or related disciplines. A thorough knowledge of machine learning, computer science and mathematics is required. Priority will be given to applicants with a proficiency in multiple computer languages (Perl, PHP, Java or JavaScript, etc) and relational databases as well as the ability to capitalize available open-source resources. A PhD (or Ph.D. candidate), MD or other advanced degree is required.

For consideration, please e-mail CV, a brief statement of scientific/research interests, and contact information for three references to:
